ADMINISTRATORS/SCHOOLBD.

The administration, along with the school board, keep the Mannford school system in good working order. The school board worked on the building of the addition to the cafeteria. The administration was kept busy keeping students "in line." Put together, the jobs can be rough, but thanks to our administrators and school board members, this year ran quite smoothly.

H.S. ACTIVITIES

SENIOR PLAY

"The Mouse Trap" was a story about eight strangers stranded in a boarding house during a snowstorm, and one of them was a murderer.

The cast of characters included the following: Mr. Ralston — David Bennett, Mrs. Ralston — Ruth Hoafat, Major Metcaff — Robert Klintworth, Mrs. Boyle — Jackie Simpson, Mr. Panavachine — Jene Harmon, Miss Casewell — Denise Wofford, Christopher Wren — John Brewster, and the killer, Detective Sgt. Trotter — Mike Cottongim.

Compliments also go to Miss Aldridge on an excellent directing job and to all of the stage hands who did a perfect job on the props and stage decoration.

Now just a minute, says Mike Cottongim to Denise Woffard.

"Help" cries Ruth Hoafat in the senior play.

Ruth Hoafat and Mike Cottongim in "The Mouse Trap."

"I don't know how to break this to you, but . . ." says John to Ruth.

JUNIOR PLAY

Gene Harmon, Leslie Hale, Kelly Pleasant, Stephanie Phillippe, and Melissa Parker starred in a delightful one-act comedy about a mother and three daughters who drive a would-be robber crazy.

Melissa isn't gun-shy at all, but Gene, the robber, soon is.

MUSICAL

"Babes in Toyland" was the musical for 1983. It was performed by the music and speech departments. It takes place in a Mother Goose village in Toyland featuring all of the Mother Goose characters. The villain Barnaby wants to marry Contrary Mary. She loves Alan. Jane, Alan's sister, loves Mary's brother Tom. The story revolves around the ups and downs of each couple's courtship. Scenery, provided by the art department, and costumes added bright color to the program. Careful direction and practice made the show a success.

Kelly Spradlin, is off to toyland to find Jane.

I may be evil but I'm rich says John "Barnaby" Brewster.

David Reed rejoices in toyland.

OH! You're so cute! remarks Kristi Saul to John Brewster.

Mike Cottongim and Melissa Parker reverse roles.

PROM

"Sharing the Night Together" was the theme of this year's prom. The colors were lavender, silver, and white. The location was at the OSU ballroom. Everyone enjoyed the dinner and the singing by Kaleidoscope. Almost everyone got up and danced to the music provided by Fantasia.

We all appreciated Miss Foxworthy's and the prom committee's time for making the prom a great success.

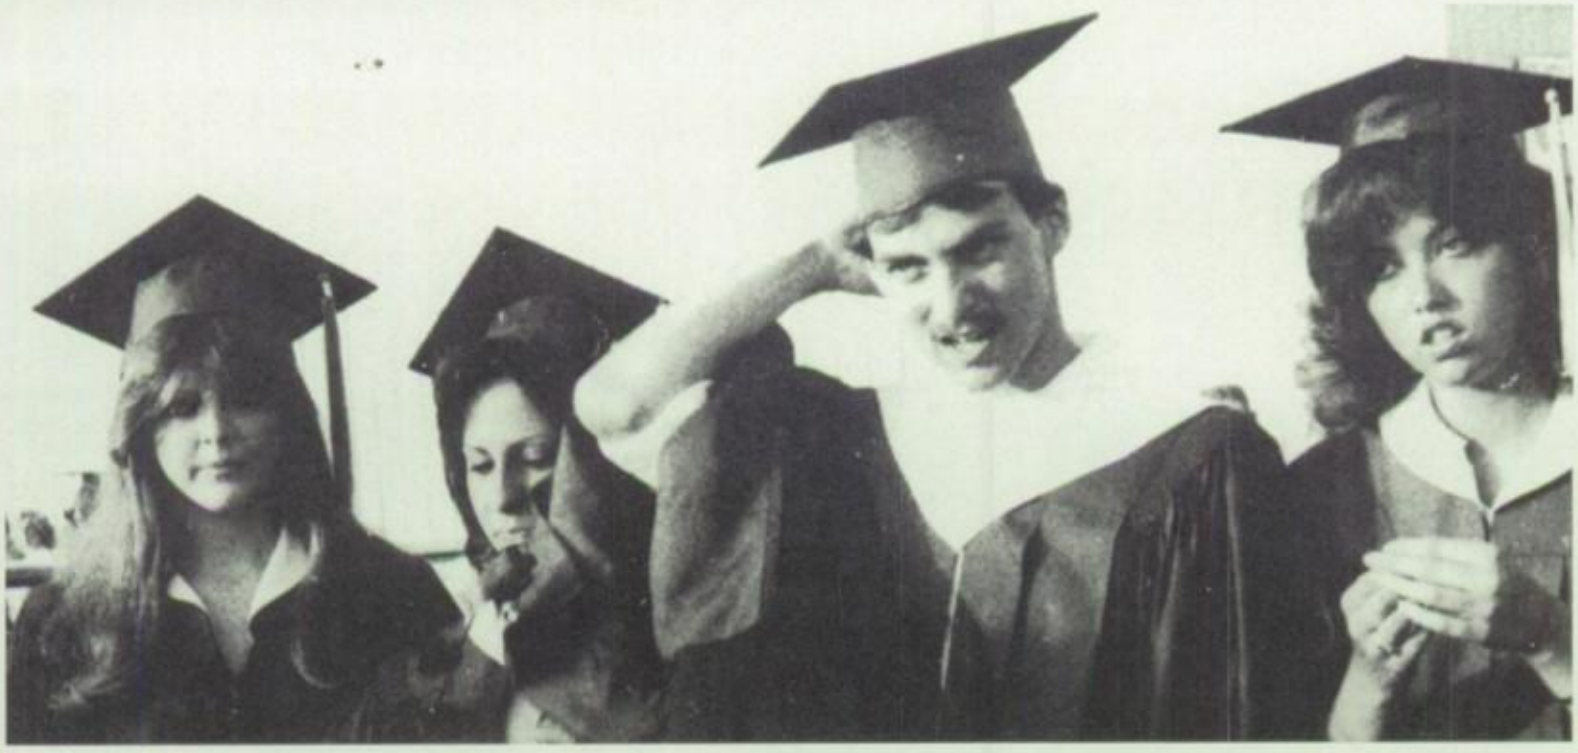
GRADUATION

On Thursday, May 26, 97 MHS seniors said goodbye to a world of proms and homecomings, Friday night football games and school assemblies, cafeteria food and no driving off; and said hello to a world of nine-to-five and push-and-shove, college exams and long periods away from home, marriage and parenthood, and life as adults. As always, there were tears and cheers and lots of young people feeling proud and successful. May this pride and success continue for many years to come.

Robert Bowers proudly accepts the title of Valedictorian of the graduating class of '83.



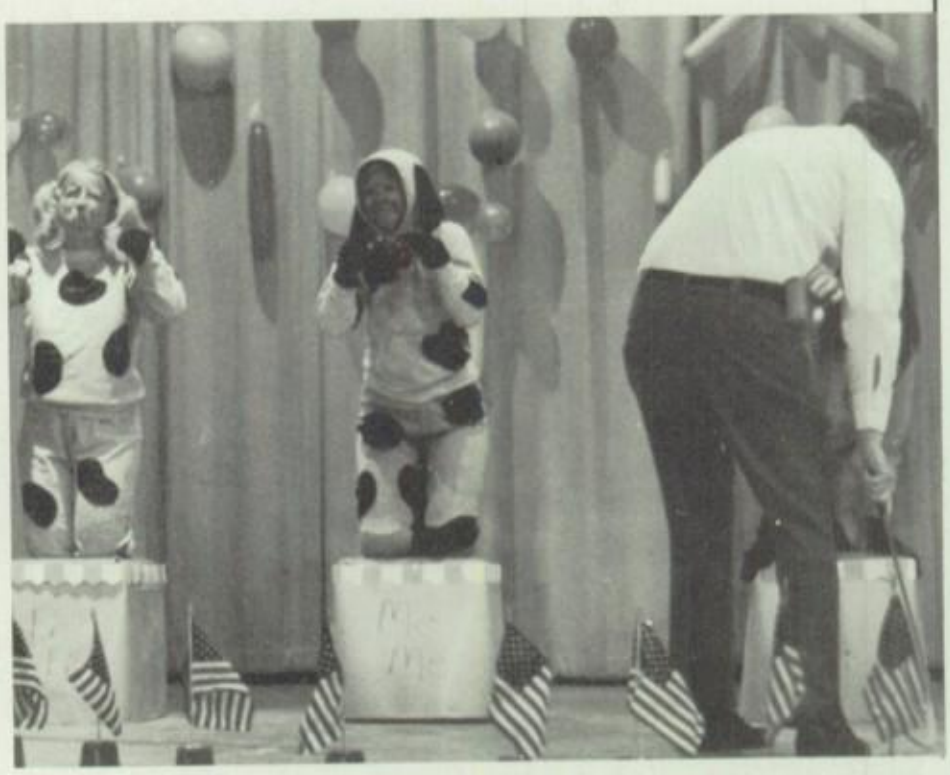
Lisa Gatwood, Mona Farrow, Mike Cottongim, and Melissa Klintworth feel anxious, nervous, and happy all at the same time.

Salutatorian John Brewster practices his speech one last time.

Two good buddies, Joel and Doug, say goodbye.

FACULTY FOLLIES

Circus, Circus! Everybody loves a circus, and the Mannford high school, middle school, and elementary school teachers came together to put on a circus full of clowns, elephants, seals, trained dogs, monkeys, snake charmers, strong men, bearded ladies, and tightrope walkers. All the crazy costumes and wild Antics were for a very worthy cause — two $500 scholarships for worthy Mannford seniors. Seniors receiving this year's scholarships were Janice Heaton and Sue Moore.



Mr. Hammers finally gets Mrs. Wright and Mrs. Roberts to beg.

"Macho Man" or "I am Woman," which is Mr. Thomas?

Mrs. Trudy Thomas found a horse that can't throw her.

Every circus has a bearded lady and Ms. Ponder was ours.

If I danced like that, I'd hide my face too!

WRESTLING CHEERLEADERS

Mannford High cannot only boast of one great cheerleading squad, but two! Following the wrestlers in their weekly matches were the MHS Wrestling Cheerleaders. Even after several changes in the squad during the year, the group of girls was an outstanding one, each dedicated to doing her best by showing spirit and talent throughout the wrestling season. Serving on the squad were sophomore captain Tammie Arnett, senior Denise Woffard, sophomore Julie Floyd, and sophomore Laurel Knott.

FHA

Many activities were enjoyed this year by the Future Homemakers of America. These activities included selling candy, having parties, seeing movies, attending rallies and having the Mother-Daughter banquet at the Excelsior Hotel in Tulsa.

The FHA also had a "Pirate Pig-out" for the football team and a "Taco Feed" for the girls basketball team.

FCA

In order to bring a more "together feeling" this year, the girls and boys FCA groups decided to unite into one large group. They started the year off with the annual ice cream social, which was a big success. The various other events they participated in were a weiner roast, the film "Chariots of Fire", a Christmas dinner, and many other events and rallies in Tulsa.

Girls FCA members, Left to Right, were: Kristi Saul, Paula Cottongim, Melissa Savely, Linda Sisson, Shiela Bennett, Kristi Pierce, Mary Prideaux, Shelly Hamilton, Samantha Cass, Jodie McIntire, Sandy Welch, Santha Buchanon, Cindy Martin, and Dianna Potts.

1983 was a successful year for the National Honor Society and their food drive for needy families.

Senior NHS members were: John Brewster, Gayle Wollard, Sue Moore, Barbara Kirkpatrick, Toni Ward, Laura Hausner, Janice Heaton, Robert Bowers, David Boyd, Tammy Epperly, Candy Welch.

The National Honor Society is a group of students who deserve special recognition. Their role is one of scholarship, and leadership, as well as action and service. One worthy service is the Christmas food drive. A truckload of canned goods, meats, and fruits were collected and donated to needy families. A special candlelight ceremony inducted new NHS members, while senior members shared the honor of wearing the white Honor Society collars in the baccalaureate and graduation ceremonies.

KALEIDOSCOPE

This was a very successful year for Kaleidoscope. They performed many times throughout the year. Some audiences included senior citizens, Silver Dollar City, several churches, school assemblies, Woodland Hills Mall, and banquets. They received a Superior rating at District Vocal Contest and qualified for State Vocal Contest for the first time in many years. Throughout the year Kaleidoscope performed a Christian musical, "The Witness," for many churches.

NEWSPAPER

The 1982-83 newspaper staff experienced several changes during the year. The name of the paper was changed to "The Purple and Gold Rush," three different types of layout were used, and instead of having only two editors, the "Rush" staff had five editors. The editors received excellent cooperation from the rather large staff and this helped the entire staff to meet each deadline.

Joel and Paula are hard at work, as editor and sports writer.

A yearbook is a special memory that one often treasures for many years after graduation. That's why the '82-83 yearbook staff worked especially hard to bring this book of memories to you.

Meeting deadlines, taking pictures, and writing were just a part of the hard work put into this book.

A special thanks goes to Editor Sue Moore, photographers, copy writers, lay out designers, ad purchasers, and Sponsor Paula Scott, for making this '83 yearbook possible.

Editor Sue helps Connie write captions.

Virginia Blair and Angie Varnell designed layout for pages, while Kelly Pleasant wrote lots of copy.

Leslie helped correct mistakes.

YEARBOOK

PEP CLUB

The Pep Club's main function is promoting school spirit during the football season. It is in charge of Angel week during homecoming, all hall decorations and generating lots of noise at all games. This year's group numbering over 50, was led by Ginger Ratzlaff, president and Stephanie Phillippe, Vice President. Plus all the other great pep club's supporters.

Don't ask me what's going on!

Science Club was a bit different this year. It was headed by a different teacher, Mr. Randy Parham. Members of the Science Club were required to pay a $2.00 fee to join. The club went to the Osteopathic Hospital through lab rooms.

SPANISH CLUB

"El Espanol hace me feliz" This may seem to be Greek language to you, but in Spanish Club it has a very distinct meaning of "Spanish makes me happy."

What Spanish Club meant to the members was an opportunity to join together, and have fun together. The club's sponsor was Mrs. Thomas. The club did many things this year, including going on the annual trip to Casa Bonita. All, in all, it was a very fun year for them.

Loretta Summerlin and Kara Adair enjoy themselves at Casa Bonita.

Lisa Thomas is sooo happy!

STUCO

Senior STUCO members were Gayle Wolland, Candy Welch, LeeAnne Calahan, Eddie Landers, Melissa Klintworth, and Paula Cottongim.

Getting the student body to be more together was one of the main objectives of the Student Council this year. They tried to do this by having something different for the students to do each Friday. They also sponsored dances throughout the year. Along with the dances, they bought flowers for football homecoming, gave money for the float contest, and kept the student lounge supplied with pop and chips.

All this and more kept them pretty busy throughout the year, but with good officers and a lot of dedication, it didn't seem to slow them down.

President Scott Collins addresses the student body.

Member, Leslie Hale campaigns for next year's president's position.

Brett Gleason was one of the performers, and winners, in the first annual Student Council Talent Show held last spring.

Linda Sisson and Danny Boone.

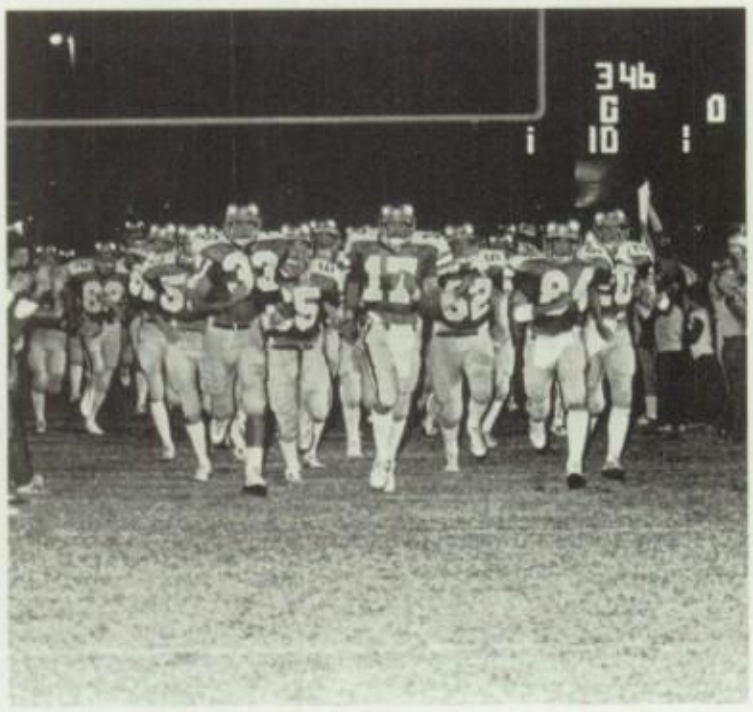
VARSITY FOOTBALL



Pirates are heading on their way to victory!

Having 17 returning starters and a few other good prospects, the Pirates went into the year with good attitudes and winning on their minds.

After dropping the first game to Beggs, the Pirates came back with 6 straight wins, one of those being a shutout to always tough Oologah. Things were looking good going into district with a 6-1 record and no injuries, the Pirates played 13th ranked Skiatook Bulldogs for their district opener. The game was a hard fought battle but the Pirates came up on the short end. With this loss the Pirates knew they had to win the next two or they wouldn't be able to go to the playoffs, but this was just not meant to happen as they lost their last two games and ended the season 6-4.

FRESHMAN FOOTBALL

Having 2 practices a day, being told what to do by upperclassmen, and getting hit really hard were just a few of the things the freshmen had to go through. The freshmen this year were very small in size, but what they lacked there, they made up in spirit, determination, and hard work. They suited up for not only their games, but the high school J.V. games, in which they performed well. This year's group of freshmen gave MHS football a good outlook for years to come.

H. S. Boys Basketball

Mannford's Boys Basketball team worked hard this year. Although the boys did not fare too well this year, the returning players hope that they will have learned from this year's experience. The incoming sophomores will help the team to improve. The only thing that must be remembered is "practice makes perfect."

BOYS TRACK

Coach Jessee worked hard at track meets too.

What does great dedication, senior leadership, and hard work get? It gets you a great track team, and that's what the track boys worked for this year. The tracksters attended quite a few meets this year, doing well in each. Although they didn't win any meets, they did not get discouraged. At each one they gave 100% if not more. If this keeps up, MHS Track is certain to win in the future.

Front: Eric Turner, Noel Reed, Raymond Paquette, Greg Hurd, Doug Osborn, Troy Spann. *Back:* Jon Carlton, Jeff Spencer, Eddie Johnson, Tim Davie, Brett Gleason, Paul Haskins.

VARSITY TRACK

Stretching, running, sweating is only a small part of girls track. They showed outstanding dedication this year by giving up their free time to run bleachers, laps, etc. to get in shape for this very demanding sport.

The girls attended track meets placing well in each. With such a young talented trade team. The Pirates should see an even more successful team in the years to come.

VARSITY BASEBALL

The Pirate bench cheers on their teammates while in a tense moment of play.

The Pirate baseball team had one of its most successful seasons ever. They were only one game from going to state and they had a record of 23-8. The team only graduated two starting seniors and expects to do well in '84. This is the farthest any Pirate team has gone in the playoffs.

SOFTBALL

The MHS girls softball team played from August to October, compiling a record of 8-6, a big improvement over last year's 1-7 record. The girls really enjoyed this year's team and the progress they accomplished during the season.

Lisa Hampshire, Dianna Potts, and Kristi Pierce have the outfield under control.

Parties and microwave ovens: it's all a part of the exciting life that a Mannford High School teacher leads. From Stillwater to Sand Springs, our teachers form quite a group. It's not all just grading papers and writing on chalkboards. There are lectures to give along with lessons and licks. They keep us pulled together, so they have to get as many credits as we students do. We appreciate and thank you teachers.

SENIORS

"Ah, thank goodness, our last year," a comment heard from many seniors, but soon they discovered it was not necessarily so. The time seemed to fly by like it had never done before. The special times with friends seemed to be more meaningful. Juggling their spring calendars to make everything fit was no easy task.

There was the traditional flurry of spring events — all-sports banquet, junior-senior prom, senior assemblies, Baccalaureate service, senior trip, senior breakfast and the final gathering of the 97 seniors at the Commencement exercises.

This was truly the best year for the seniors of 1983. The ending of this year seemed to bring many questions to mind. What college should I attend? What field should I pursue? Should I get married? Should I leave home? And the answers were different for everyone.

Going Where

Yesterday brings dreams of rain.
Tearlit, moonlit, silver pain.
Youth's sweet years are flying fast.
Winds of love cry in the past.

Youth is fading — going where?
Going where the winds don't care.
Yesterday brings dreams of rain.
Tearlit, moonlit, silver pain.

Youth is standing on the beach,
Laughing at me — out of reach.
Youth is fading — going where?
Going where the winds don't care.

Youth's now woman, standing proud.
Yesterday's a misty cloud.
Youth is fading — going where?
Going where the winds don't care.

FRESHMEN

Having split lunch hours, walking down crowded halls, and getting pushed around were just a few of the things Freshmen had to endure with this year. Their year started off on a good note with their football team having a very good season and a lot of the players getting to play for the high school J.V. team. The Freshmen showed lots of spirit and enthusiasm throughout the year, and faint cries of '86 could even be heard echoing through the halls.

Mannford 7th grade had a very successful season, winning 5 games, while losing only to Skiatook in overtime. The team was not very big, but hard hitting and a tough defense led the way for a successful season. The Pirates defense only allowed 1 TD by an opponent during regulation time and that being in the come-from-behind 8 to 6 victory over Cleveland.

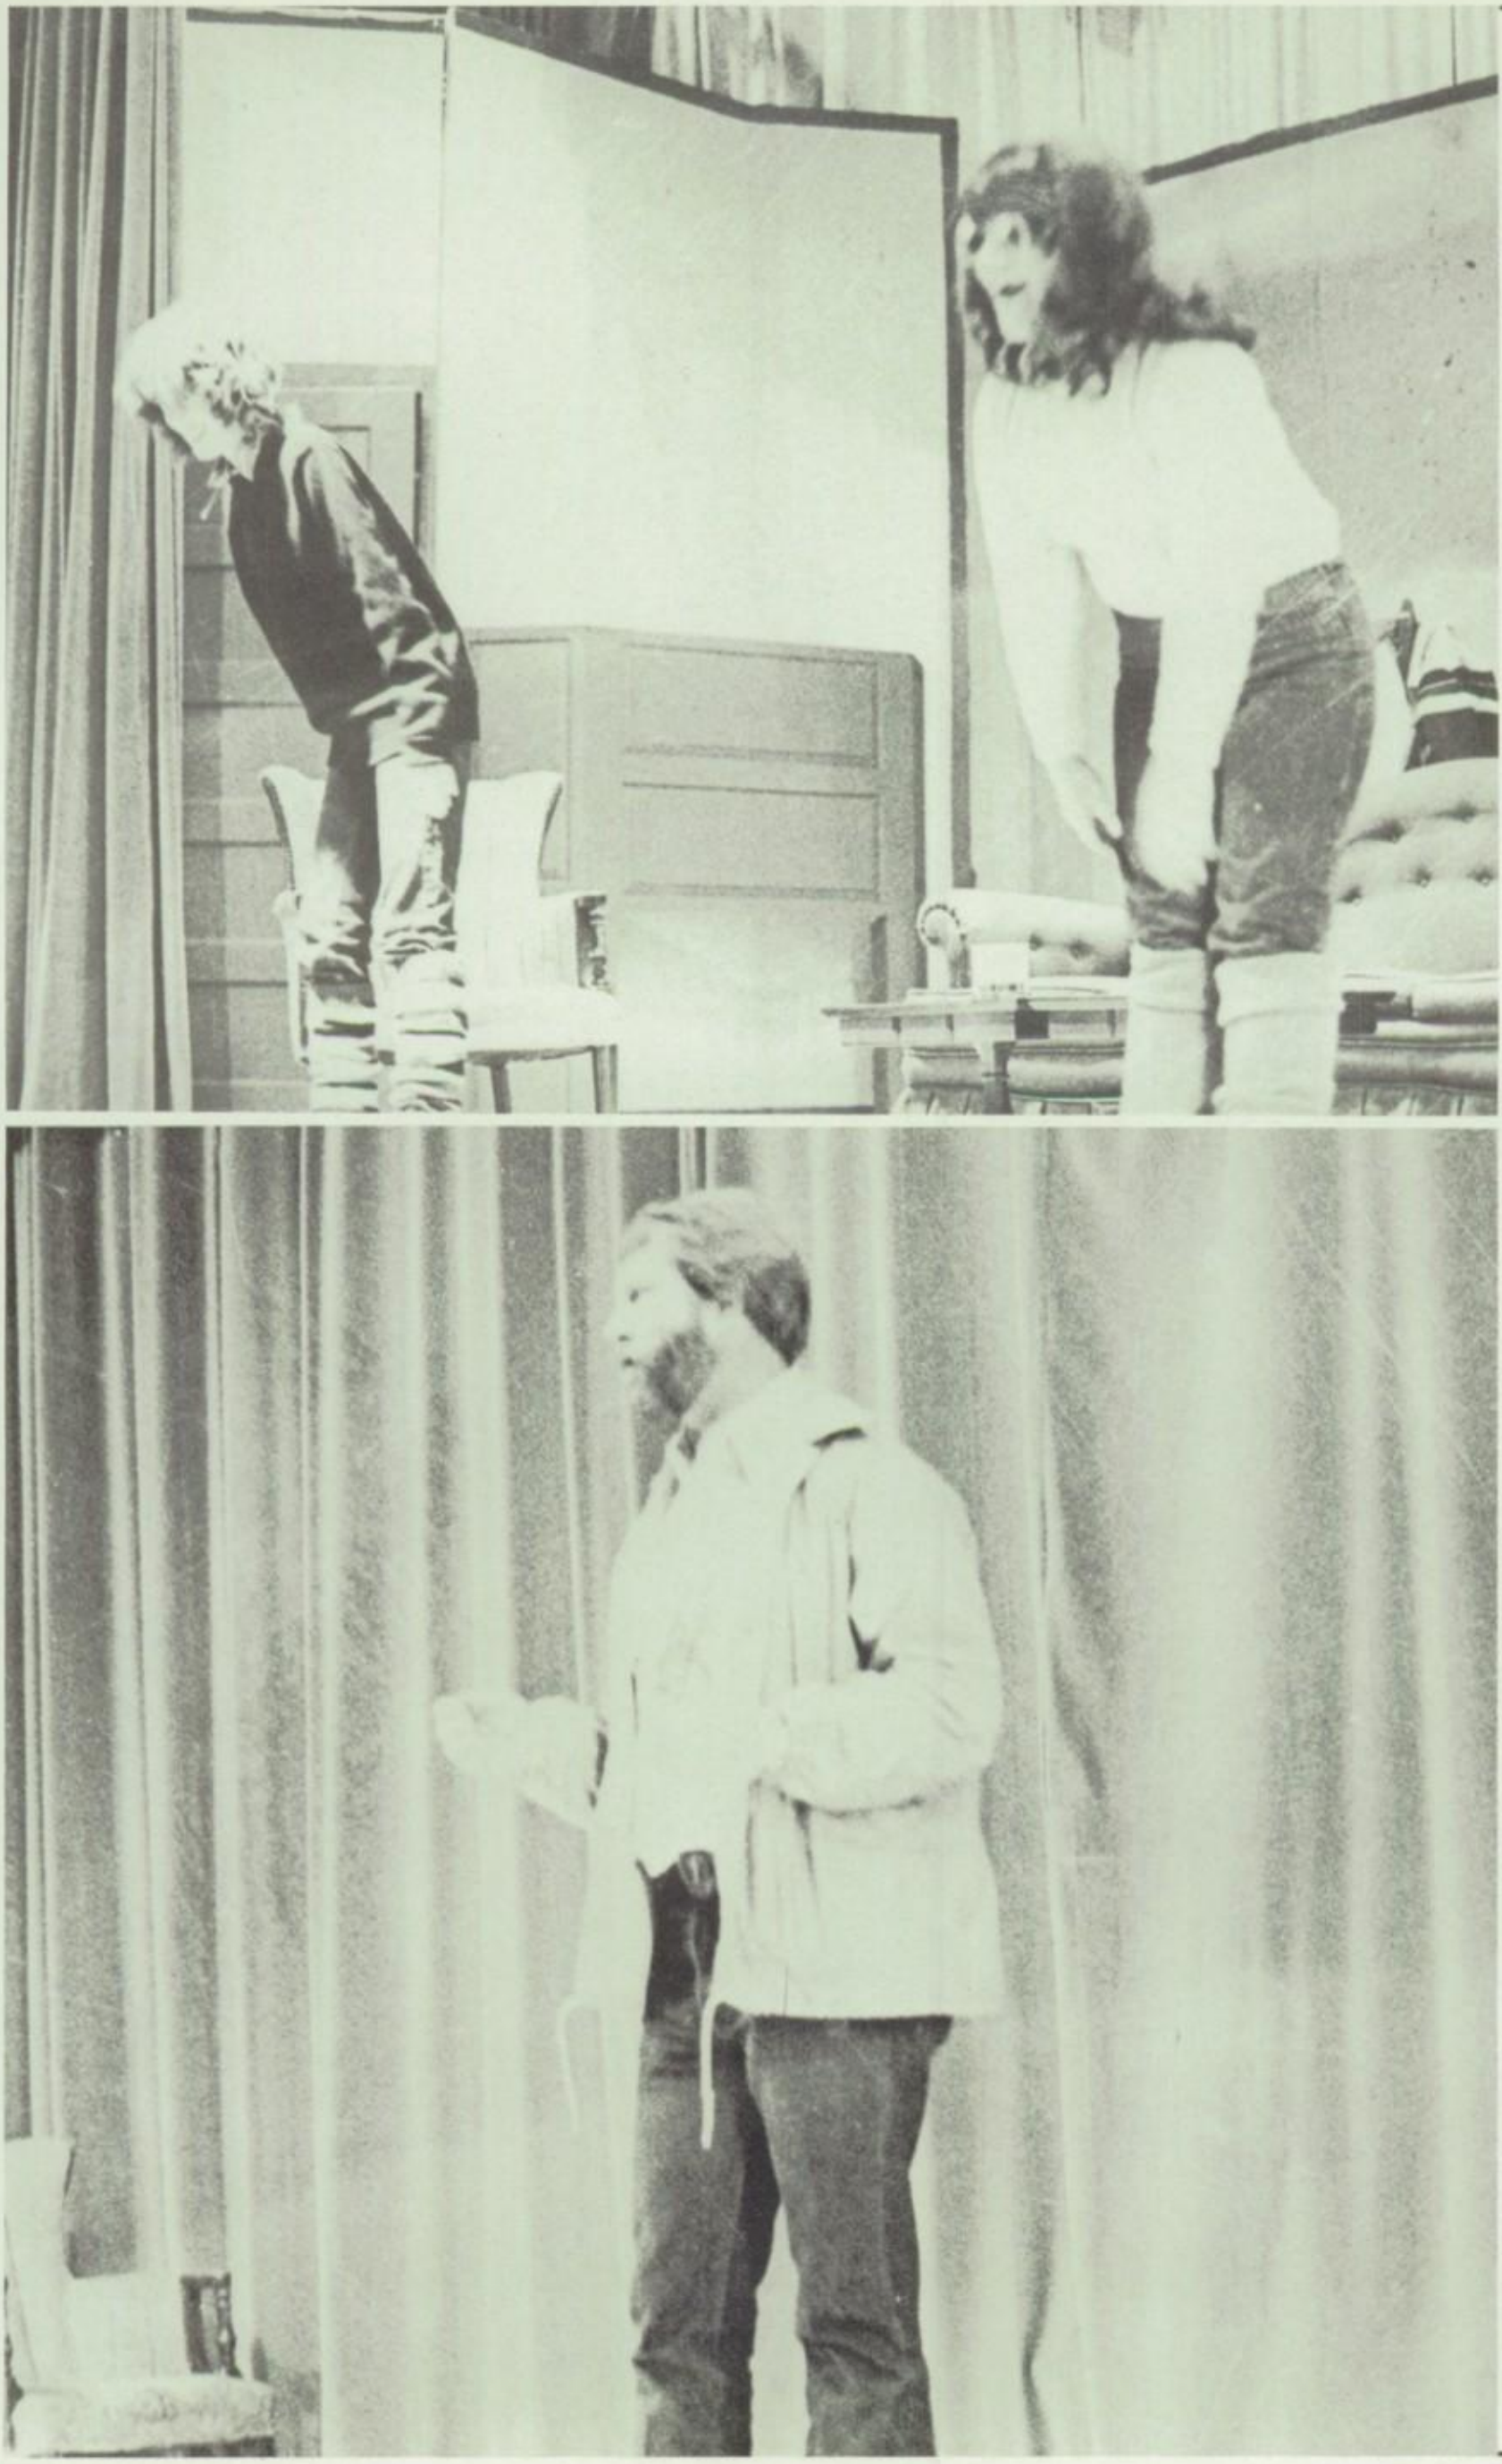
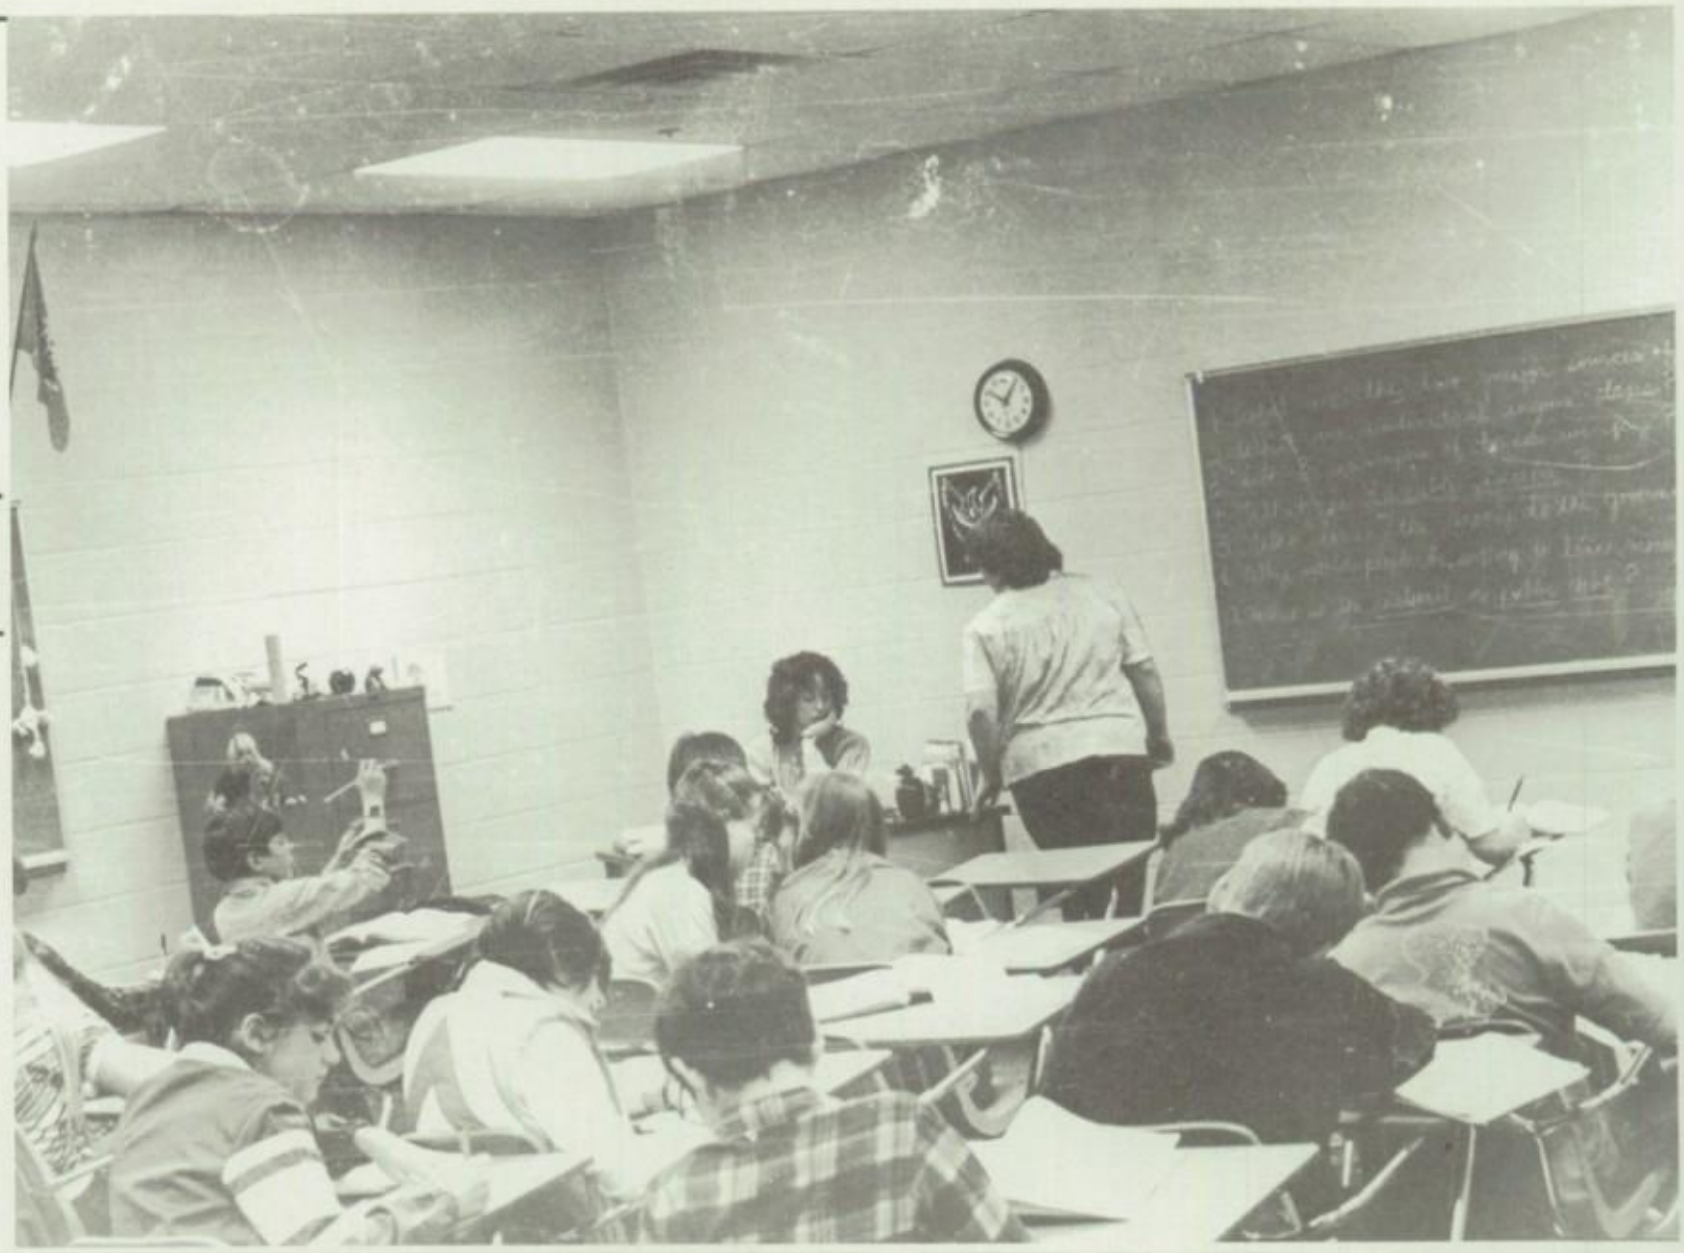
TIME FOR TEACHERS

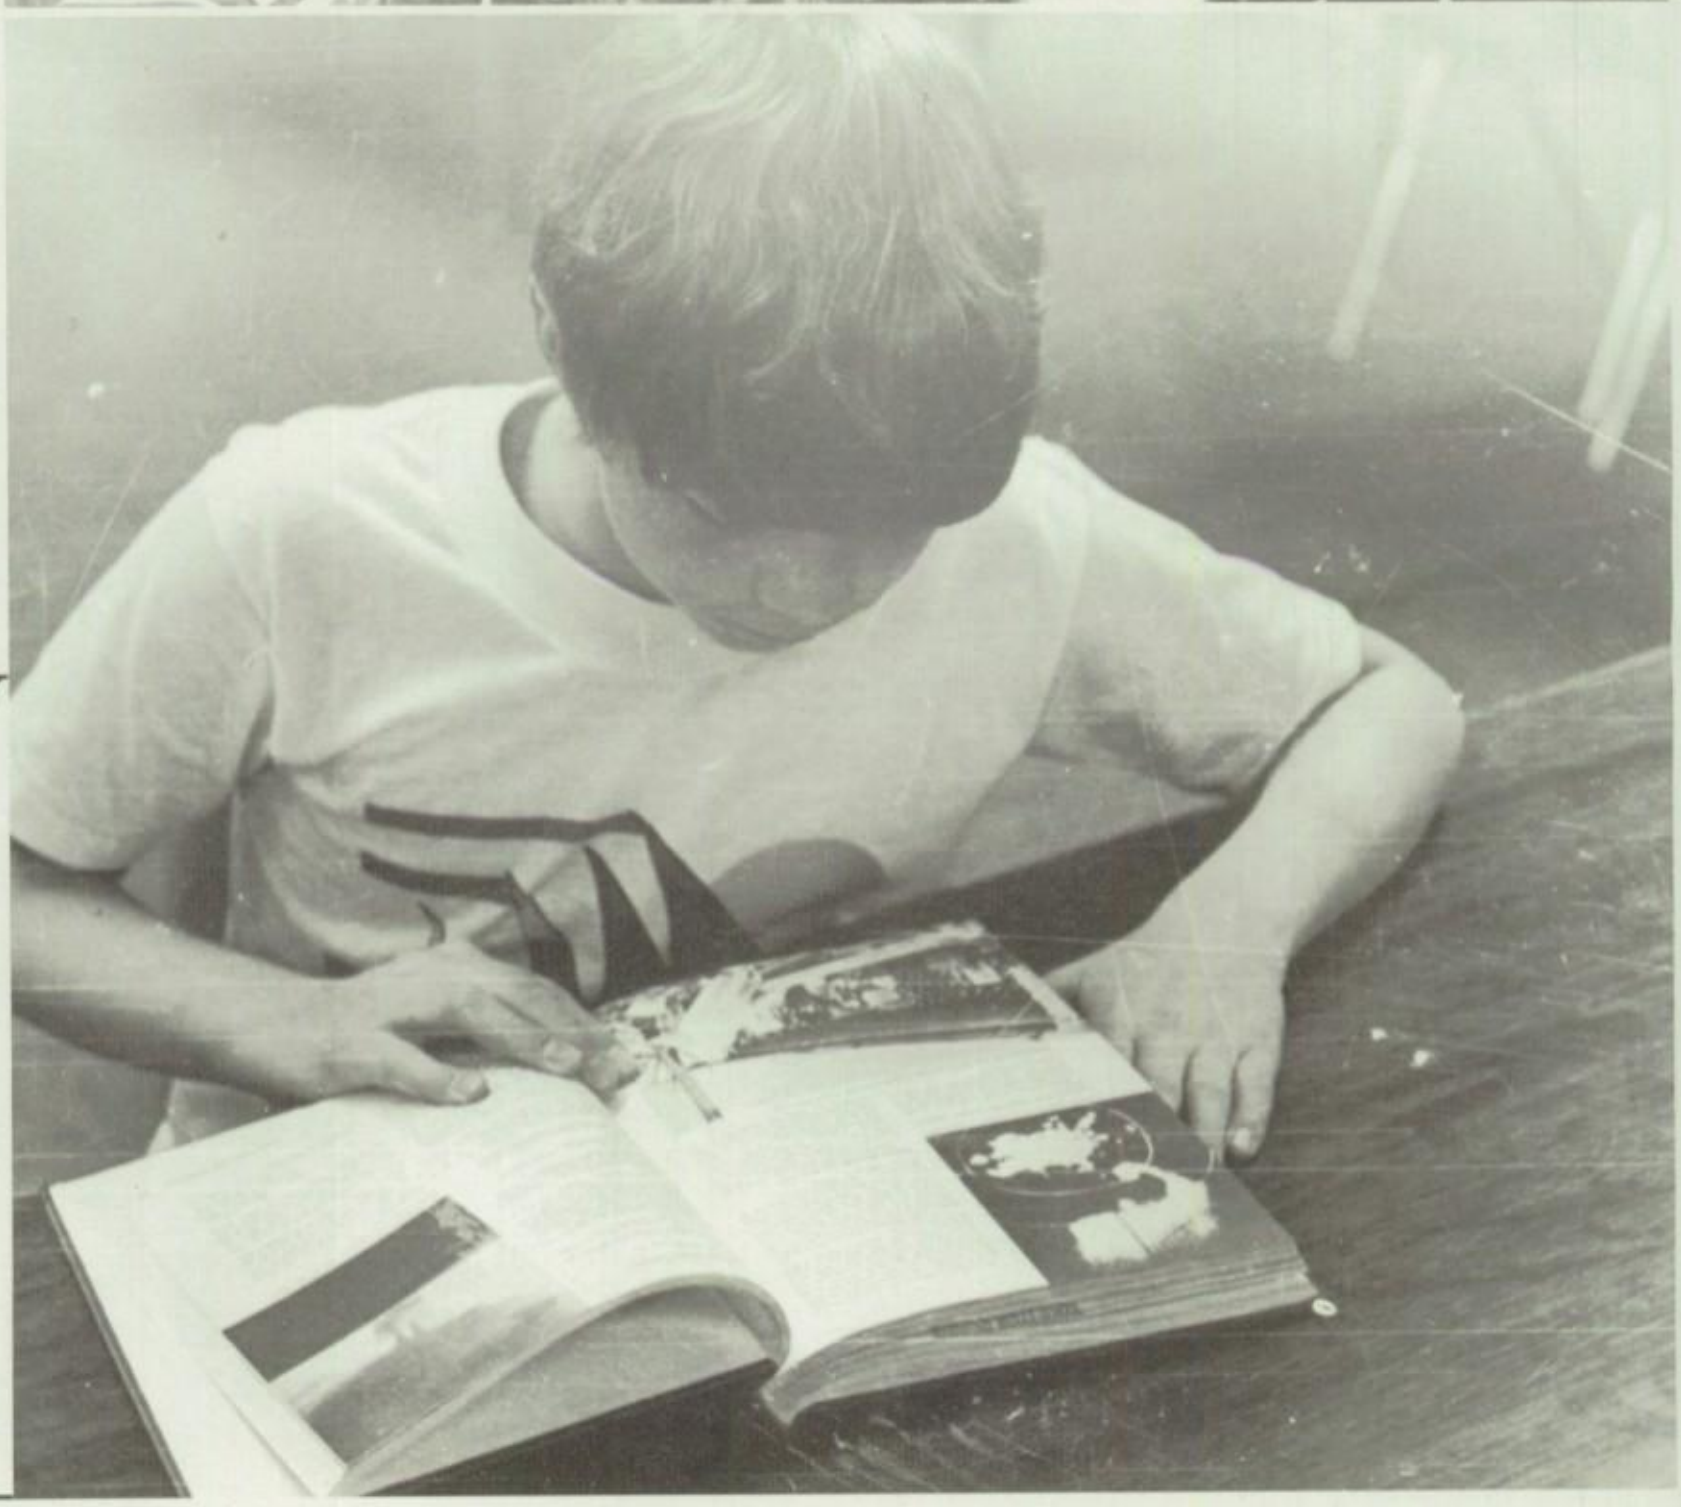
TIME FOR TEAMS



TIME FOR FUN

TIME FOR WORK





Mrs. Scovil passes out papers.

These teachers at the Middle School are the smallest group of the Mannford teachers. They have learned, and for the new teachers, will learn to cope with the advancing maturity of the students and help them cope with a new way of school life. They are a fine group of teachers and deserve to be recognized for it.

8 th GRADE

Being "leaders" of the school — looking forward to High School but yet not wanting to leave the Middle School — this is what being an eighth grader was all about.

Being an eighth grader was unique. For the first time they had electives every day. They also were involved in P.E. every day.

The ISCS Science program was improved this year. An addition to the curriculum was added. "The history of U.S. Space Travel" was the addition.

We can't forget the enthusiasm and pride that the eighth graders had, either. Their pride and enthusiasm should be an attribute to the High School next year.

SEVENTH GRADE

Mrs. Garton's math class works hard.

The 7th graders have really had a great year this year. Their favorite subjects are science, gym and lunch. They are also very interested in English, although it's not their favorite subject. They've all had a great year and can't wait to be on top!

SIXTH GRADE

The sixth grade year in the life of a student is one of the hardest, but it can be very rewarding when it's completed. They had a hard job adjusting to all the new surroundings. The new students also think it is hard because they are the smallest student body again.

Mrs. Cupp is stronger than we thought.

Mannford's Elementary school teachers have it a little hard because they start from the bottom. They probably have the toughest job, but they enjoy it. They have the patience that goes along with teaching the small children new things. It's a hard job, but somebody's got to do it!

FIFTH GRADE

Fifth grade is an exciting year for the students. For the first time they commute to different classes and have one homeroom.

The main event during the year was an Oklahoma Statehood day which all the students dressed up for. They also did something very unique this year. For Statehood day they let off balloons. Soon after letting off the balloons, they received a card from Pennsylvania saying that they had found a balloon from Mannford. This and many things made this particular group of fifth graders special. Many of them are looking forward to the Middle School next year. Good luck to the fifth graders.

FOURTH GRADE

The fourth grade has really had a great year this year. They have put very much effort into studying math and the five senses. They have participated in many activities this year such as reading 25 books to win a prize, food drives, and spelling bees. This year the fourth grade accomplished very much.

THIRD GRADE

These former second graders looked up in the world as they ascended to the higher rank of the third grade. Multiplication, writing stories, and learning about the human body were just some new things learned by these kids. Third grade teachers had a new bunch of kids to teach. The third graders were traditionally looked up to by "underclassmen." For them fourth grade was the future and looked good. From there, only eight years to go. We wish them luck.

SECOND GRADE

Second grade is an exciting year; it's a big step from being in first grade!

These youngsters learn many hard tasks. Among these tasks are their usual reading and arithmetic.

Throughout the year they do several projects to add to their everyday activities. Among these special activities they learn more about nutrition, a unit on Indians and a unit on dinosaurs.

FIRST GRADE

Being first graders was both exciting — and scary. For the first time they were going to school all day. They started learning the basics of reading, writing, and arithmetic.

The year was highlighted with a unit on Indians. For the occasion the people from Gilcrease Museum came in. They made Indian fry bread. These first graders will fill the important roles that will be needed in the future.

KINDERGARTEN

Meeting new kids, seeing new faces, being away from mom a day, this is what the kids in kindergarten faced this year.

A year in kindergarten consists of a variety of learning experiences. During the year, a kindergartener will develop social, emotional, and mental skills. These areas will be developed through play, listening activities, and learning experiences such as counting, the alphabet, shapes, colors, art activities, stories, fingerplay, songs, and many other various things.
